Prepared in cooperation with the Texas Department of Transportation and the U.S. Department of Transportation, Federal Highway Administration, and Federal Transit Administration.

This report was funded in part through grant[s] from the Federal Highway Administration and Federal Transit Administration, U.S. Department of Transportation. The views and opinions of the authors [or agency] expressed herein do not necessarily state or reflect those of the U. S. Department of Transportation.

GLOSSARY

PROJECT LISTINGS

CSJ Control Section Job Number - TXDOT assigned number for projects entered into the Project Development Plan (PDP)

PROJECT ID Project Identification - Code assigned by the MPO for local tracking/identification. Used to relate projects to the Metropolitan Transportation Plan.

FUNCTIONAL Federal Functional Class - Federal classification of streets and Highways into functional operating characteristics.

CLASS Categories are:

- Interstate
- Other Freeways and Expressways
- Principal Arterials
- Minor Arterials
- Collectors
- Minor Collectors
- Local Streets and Roads

FEDERAL Federal Funding Category - Major categories of Federal funding as established by the Moving Ahead for Progress in the 21st Century Act – (MAP-21)

PROGRAMS Categories are:

IC –	Interstate Construction
IM –	Interstate Maintenance
NHS –	National Highway System
STP –	Surface Transportation Program
CMAQ –	Congestion & Mitigation Air Quality Funds
Bridge –	On/Off System Bridge Rehabilitation
DSB –	Donor State Bonus Funds
MA –	Minimum Allocation Funds
FLHP –	Federal Land Highway Program
FTA –	Federal Transit Administration Funding

PHASE Project Phase for Federal Funding (E-Preliminary Engineering, R-Right of Way Acquisition, & C-Construction)

I. INTRODUCTION

The transportation planning process in the Amarillo Urban Transportation Study Area is carried out by the Amarillo Metropolitan Planning Organization (MPO) in cooperation with the Texas Department of Transportation (TxDOT), the Federal Highway Administration (FHWA), the Federal Transit Administration (FTA), Potter and Randall Counties, the Panhandle Regional Planning Commission, and the City of Amarillo.

Although the Governor of the State of Texas designated the City of Amarillo as the fiscal agent for the MPO, the Amarillo Metropolitan Planning Organization's Policy Committee administers the transportation planning process in the Amarillo urbanized area. The MPO designation was renewed by contract with TxDOT executed in May 2012.

The federal legislation currently in place is the Moving Ahead for Progress in the 21st Century Act, or MAP-21. MAP-21 creates a streamlined and performance-based surface transportation program and builds on many of the highway, transit, bike, and pedestrian programs and policies first established in 1991.

Those earlier legislative actions the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA), the Transportation Equity Act for the 21st Century (TEA-21), and the Safe, Accountable, Flexible, Efficient Transportation Equity Act – A Legacy for Users (SAFETEA-LU) increased investment in highway, transit, and safety programs, while retaining the basic goals and structure of earlier transportation actions. MAP-21 continues to encourage an enhanced role for local decision-making and places important emphasis on flexibility, intermodal goals, and on addressing local and regional needs. In addition, MAP-21 elevates the importance of safety by continuing core safety programs, guaranteeing funds for transportation programs; streamlining the environmental review and project delivery process, and promotes performance based planning initiatives. The goals of MAP-21, as well as those of the Amarillo Metropolitan Transportation Plan (MTP) and the Amarillo Comprehensive Plan, are the core of the urban transportation policy in the AUTS area.

The MPO ensures that transportation plans and programs are consistent with the objectives and goals of the overall urban transportation planning process. It is charged with providing guidance and technical assistance for multi-modal transportation planning and reviewing recommended transportation plans and programs. Primary documents produced by the MPO include the Unified Planning Work Program (UPWP), Transportation Improvement Program (TIP) and Metropolitan Transportation Plan (MTP). The MPO also plays a significant role in transit planning activities.

Purpose

The Transportation Improvement Program (TIP) is a staged, multi-year program of transportation improvements required by the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) for urbanized areas receiving federal transportation funds. The purposes of the TIP include:

1. Identification of transportation improvements recommended for advancement during the 4-year program period.
2. Identification of transportation improvement priorities.
3. Provide realistic estimates of total costs and revenues for the program period.
4. Facilitate a cooperative transportation planning process.

In order for projects to be included in the TIP, and thus be eligible for federal funding, they must first be included in the Metropolitan Transportation Plan (MTP). The MTP is developed through the use of the traffic-forecasting model, which is operated by the Texas Department of Transportation (TxDOT). Projects selected for implementation in the TIP have already been subjected to analysis and evaluation procedures based on policy and planning goals set forth in the MTP. Thus, the TIP is considered as one step toward meeting the goals of the MTP.

Definition of Area

The Amarillo Urban Transportation Study area includes the city of Amarillo and portions of rural Potter and Randall Counties. The boundaries of the study area correspond to that area of the region that is likely to become urbanized in the next 20 years. These boundaries also correspond to the limits of the Travel Forecasting Model operated by the Texas Department of Transportation.

Public Involvement Process

Public involvement is assured in the Amarillo Urban Transportation Study through the adopted Public Participation Plan (PPP). The PPP gives citizens the opportunity to comment during all phases of the transportation planning process. The City of Amarillo Traffic Commission and the Amarillo Advisory Commission for People with Disabilities also play a significant role in the development and improvement of transportation plans and programs through recommendation to the MPO staff.

Public meetings for comment and development of the draft TIP were held in Amarillo on November 13, 2013 and February 26, 2014. A draft Transportation Improvement Program (TIP) was presented to the MPO Policy Committee for review at the committee's quarterly meeting on January 16, 2014. Throughout the fiscal years 2013 and 2014 MPO staff continued to ask for input from the public and transportation stakeholders regarding the TIP program and projects. The draft Transportation Improvement Program (TIP) was presented a second time to the MPO Policy Committee for review, at the quarterly meeting on April 17, 2014. This 2015-2018 TIP includes the results of various public meetings, review sessions, and commentary received from October 2013 through April 2014.

Numerous public involvement activities were conducted. These included several 30-day public comment periods. During the comment periods and public meetings citizen input on the draft TIP was sought. These meetings were open to the public and posted as outlined in the MPO's PPP. There was also regional newspaper coverage and advertising regarding the 2015-2018 Transportation Improvement Program. The MPO's mailing list of stakeholders and interested parties was used to send meeting notices and to contact local, state, tribal, and federal stakeholders for input and comment regarding the development of the 2015-2018 Transportation Improvement Program in compliance with MAP-21 directives. During these public forums, MPO staff sought comments and answered questions from the public about the planning process, project selection, and the draft 2015-2018 TIP. The comments received have been reviewed by the MPO Policy Committee and provided to the appropriate agency: the Texas Department of Transportation Amarillo District Office, the City of Amarillo, Potter County, or Randall County. Amarillo MPO public involvement requirements were followed and documented in the development of the TIP. This information will be furnished upon request.

Project Selection Process

Projects programmed in the TIP are evaluated using a variety of criteria. The criteria used to evaluate a particular project depend on the type of project and how far the project goes toward meeting the goals of the Metropolitan Transportation Plan. The items below include the major elements that are considered in selecting projects.

- Preservation of the Capital Investment
- Safety
- Congestion Relief
- Environmental Protection and Enhancement
- Economic Development
- Aesthetics

Grouped Project CSJs (Control Section Job)

The Amarillo MPO is participating in the use of grouped projects in cooperation with the Federal Highway Administration and the Texas Department of Transportation. TxDOT developed Grouped Project CSJ numbers for projects that are not determined to be regionally significant. This allows those projects to be grouped in one line item as permitted in Title 23 USC section 135 Statewide Planning. Grouped projects in the form of an individual line item adopted by the MPO policy board are in fact pre-

approved by the MPO policy board for purposes of grouping similar types of projects for TIP programming in the future. Grouped exempt projects may be handled by the MPO as an administrative TIP revision, which does not require a formal STIP major revision approval action by FHWA and FTA in conjunction with TXDOT District Offices and TPP (System Planning).

Progress from Previous Years

Federally Funded Projects – The following major projects have been implemented or are currently under construction:

Loop 335 – from Hester Rd to North Coulter St – Construct future Interchange Connectors
Loop 335 – from IH 27, East to BNSF RR – Add 2 Lanes & Grade Separations
S Georgia St – from Loop 335 to 1 Mile South – Rehab Existing Roadway
Farmers Ave – from Western St to Georgia St – Rehab Existing Roadway
US Highway 87 – at Mobley St – Rehab Bridge & Approaches

Federally Funded Transit Projects - Amarillo City Transit received operating and capital assistance from Section 5307 funds. The associated capital projects were for acquisition of replacement vehicles and support equipment.

Amarillo City Transit also received funding from American Recovery and Reinvestment Act 2009 for Preventive Maintenance, Para-Transit, and Operating Assistance.

Amarillo area Section 5310 funds are utilized through services provided by Panhandle Community Services.

Performance Based Planning Issues

The Amarillo MPO has developed this FY 2015-18 Transportation Improvement Program to support the fulfillment of national goals identified in MAP-21. Those goals are of prime importance:

Safety
Infrastructure Condition
Congestion Reduction
System Reliability
Freight Movement & Economic Vitality
Environmental Sustainability
Reduced Project Delivery Dates

The Amarillo MPO will work in cooperation with TxDOT to carry out USDOT Performance-Based Planning directives. These measures may include: safety on all public roads, congestion mitigation, and freight movement, as well as other procedures deemed necessary to measure and report improvement on our transportation network.

Air Quality Issues

The Clean Air Act of 1990 places several requirements on communities to maintain and improve urban air quality. In response to the Act, the U.S. Department of Transportation has identified those communities in the nation with poor air quality as non-attainment areas and those with good air quality are classified as attainment areas. Although Amarillo has been identified as an attainment area, consideration is still given to the maintenance of good air quality through the appropriate mix of land uses with their resulting travel patterns and through a program to synchronize traffic signals on arterial roads to decrease delay and travel time, resulting in reduced fuel consumption and lower vehicle emissions per vehicle miles traveled.

Americans with Disabilities Act (ADA)

The ADA was designed to establish equal rights for persons with disabilities. The ADA requires municipalities to develop programs that do not discriminate against persons with disabilities solely on the basis of a physical or mental disability. The Act addresses several areas including employment, public services, non-discrimination in the private sector, and telecommunications access. The City of Amarillo includes persons with disabilities in the development of all of its employment programs and public programs and facilities. A significant portion of Amarillo's response to the ADA is directly related to improvements to the Amarillo City Transit system.

GROUPED PROJECTS
STATEWIDE CSJ's

Grouped Project Section Definitions information revised December 3, 2014

Grouped Project CSJs

Definition of Grouped Projects for use in the Transportation Improvement Program

Revised May 22, 2014

Proposed CSJ	Grouped Project Category	Definition
5000-00-950	PE – Preliminary Engineering	Preliminary Engineering for any project except added capacity projects in a non-attainment area. Includes activities, which do not involve or lead directly to construction, such as planning and research activities; grants for training; engineering to define the elements of a proposed action or alternatives so that social, economic, and environmental effects can be assessed.
5000-00-951	Right of Way Acquisition	Right of Way acquisition for any project that is not added capacity in a non-attainment area. Includes relocation assistance, hardship acquisition, and protective buying.
5000-00-952 5000-00-957 5000-00-958	Preventive Maintenance and Rehabilitation	Projects to include pavement repair to preserve existing pavement so that it may achieve its designed loading. Includes seal coats, overlays, resurfacing, restoration, and rehabilitation done with existing ROW. Also includes modernization of a highway by reconstruction, adding shoulders or adding auxiliary lanes (e.g., parking, weaving, turning, climbing, non-added capacity) or drainage improvements associated with rehabilitation.
5000-00-953	Bridge Replacement and Rehabilitation	Projects to replace and/or rehabilitate functionally obsolete or structurally deficient bridges.
5000-00-954	Railroad Grade Separations	Projects to construct or replace existing highway-railroad grade crossings and to rehabilitate and/or replace deficient railroad underpasses, resulting in no added capacity.
5800-00-950	Safety	Projects to include the construction or replacement/rehabilitation of guard rails, median barriers, crash cushions, pavement markings, skid treatments, medians, lighting improvements, curb ramps, railroad/highway crossing warning devices, fencing, intersection improvements (e.g., turn lanes), signalization projects and interchange modifications. Also includes projects funded via the Federal Hazard Elimination Program, Federal Railroad Signal Safety Program, or Access Managements projects, except those that result in added capacity.
5000-00-956	Landscaping	Project consisting of typical right-of-way landscape development, establishment, and aesthetic improvements to include any associated erosion control and environmental mitigation activities.
5800-00-915	Intelligent Transportation Systems Deployment	Highway traffic operation improvement projects including the installation of ramp metering control devices, variable message signs, traffic monitoring equipment, and projects in the Federal ITS/IVHS programs.
5000-00-916	Bicycle and Pedestrian	Construction or rehabilitation of bicycle and pedestrian lanes, paths and facilities.
5000-00-917	Safety Rest Areas and Truck Weigh Stations	Construction and improvement of rest areas and truck weigh stations.
5000-00-918	Transit Improvements	Projects include the construction and improvement of small passenger shelters and information kiosks. Also includes the construction and improvement of rail storage/maintenance facilities bus transfer facilities where minor amounts of additional land are required and there is not a substantial increase in the number of users.

Note 1: Projects funded with Transportation Alternatives Program (TAP), Transportation Enhancement, and Congestion Mitigation Air Quality funding required a Federal eligibility determination, and not approved to be grouped.

Note 2: Projects funded as part of the Recreational Trails Program (RTP) consistent with the revised grouped project category definitions may be grouped. RTP projects that are not consistent with the revised grouped project category definitions must be individually noted in the Transportation Improvement Program (TIP) and State Transportation Improvement Program (STIP).

ANNUAL
SELF-CERTIFICATION

MPO SELF-CERTIFICATION – ATTAINMENT AREA

In accordance with 23 CFR Part 450.334, the Texas Department of Transportation, and the Amarillo Metropolitan Planning Organization for the Amarillo urbanized area(s) hereby certify that the transportation planning process is addressing the major issues in the metropolitan planning area and is being conducted in accordance with all applicable requirements of:

(1) 23 U.S.C. 134, 49 U.S.C. 5303, and this subpart;

(2) Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR part 21;

(3) 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;

(4) Section 1101(b) of MAP-21 (Pub. L. 112-141) and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded projects;

(5) 23 CFR part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;

(6) The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR parts 27, 37, and 38;

(7) The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;

(8) Section 324 of title 23 U.S.C. regarding the prohibition of discrimination based on gender; and

(9) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR part 27 regarding discrimination against individuals with disabilities.
